#### Care & Use Instructions

To keep wood from drying out and decrease the water absorption, board should be seasoned with a food-safe mineral oil before first use and periodically afterwards. Hand-wash with hot, soapy water. Dry thoroughly. Do not soak or submerge board in water. To sanitize, wash the board with a solution of one part vinegar to five parts water. Occasionally rub with a food-safe mineral oil to keep wood from drying out. Store in a dry area away from extreme temperatures.
